23 TOTAL TAXES BY DISTRICT AT 0.15% RATE					

PURPOSE OF THIS FORM

This form is to be used by taxpayers who have income from more than one taxation district. This form will assist the taxpayer in determining the amount of taxes attributable to each taxation district and the amount of taxable income subject to the City and County of Honolulu's Surcharge tax.

GENERAL INSTRUCTIONS

Section 237-8.6(f), Hawaii Revised Statutes (HRS), requires that every taxpayer assign their general excise, use, and county surcharge taxes to each taxation district from which the income was derived and report this assignment on a schedule required to be attached to the return. Section 237-8.6(g), HRS, in addition to a failure to file penalty, imposes a 10% penalty for the failure to file the schedule or the failure to correctly report the assignment of the general excise tax by taxation district on the schedule.

This form **IS** required to be submitted with the periodic or annual return when you have income from more than one district reported on your Form G-45 or G-49. Make as many copies of this form as you need to compute your assignments on your return(s). Use a separate form for each of your general excise tax returns.

NOTE: It is **highly** recommended that you print a new form from our website at www.hawaii.gov/tax each time you need it. The form's barcode in the upper left-hand corner is necessary to process return. Excessive photocopying of a photocopy will degrade the barcode, and the barcode will become unreadable. If you choose to reproduce this form on your own software (e.g., Microsoft Excel, etc.), see our *Forms Reproduction Policy* at www.hawaii.gov/tax.

SPECIAL NOTE FOR ELF USERS who are filing electronically through the State's Internet portal at www.ehawaii.gov/efile. If you have income from more than one district, complete this form, and report the total taxable income by districts online in Part V of Forms G-45 and G-49, as applicable. Although this form is not required to be submitted when filing general excise/use tax returns electronically, this form should be retained for your records.

SPECIFIC INSTRUCTIONS

At the top of the form, enter the filing period or tax year for the corresponding Form G-45 or G-49 for which this form is to be attached. Also, enter the Hawaii Tax I.D. number.

PARTS I, II, AND III ACTIVITIES

Each taxpayer doing business in more than one taxation district should use this form to determine the taxes assigned to each taxation district. Enter the amount of taxable income derived from each activity in the appropriate taxation district's column. See the instructions below, *Source of Income*, for a general discussion on how the taxable income should be sourced to each district.

Column a – is used for taxable income sourced to the Oahu Taxation District, also known as the City and County of Honolulu or the island of Oahu.

Column b – is used for taxable income sourced to the Maui Taxation District, also known as the County of Maui or the islands of Maui, Lanai and Molokai.

Column c – is used for taxable income sourced to the Hawaii Taxation District, also known as the County of Hawaii or the island of Hawaii.

Column d – is used for taxable income sourced to the Kauai Taxation District, also known as the County of Kauai or the island of Kauai.

Column e – Total the amounts in columns a, b, c and d. Enter the amount in column e. This amount should equal the amount entered in Column c for the same activity line on the corresponding Form G-45 or G-49.

Part I, Line 7; and Part II, Line 17 – Total the amounts for each column.

IMPORTANT NOTE about Part II, column a, line 17 – This amount should also be included in the amount on the corresponding Form G-45 or G-49, Part IV, line 19, Column a.

Part I, Line 21; Part II, Line 22; and Part III, Line 23 – Multiply the appropriate rates by the corresponding amounts on Part I, line 7; Part II, line 17; or Part III, line 18.

SOURCE OF INCOME

The following is a general summary by activity of how income should be assigned to each taxation district.

Sales of Tangible Personal Property

- Where the property is delivered.
 - Examples of tangible personal property: Retail merchandise, machinery, vehicles, office equipment, etc.

Services

- Where the services are intended to be used or consumed; OR
- Reasonable allocation method.

Commissions

- Where services are rendered **except** real estate services, where the real estate is located.

Rental or Lease of Tangible and Intangible Personal Property

- Where the property is used; OR
- Reasonable allocation method.

Rental or Lease of Real Property

- Where the property is located.

Contracting

- Where the job site is located.

Investment Interest

- Where the control of the investment is located **unless** the taxpayer can show that a different location should control; OR
- Reasonable allocation method.

Interest on Deferred Payment Sales

- Where sale is sourced **except** real property, where the real property is located.

Theaters, Amusements

- Where the event takes place.
